We, as members of the community of Yale Divinity School write to you concerning the plight of the Claudio Ernesto Logares family, including his wife Monica Sofia Grinspon de Logares and three old daughter Paula Logares. This family is Argentine by nationality and were living in Montevideo until they disappeared 18 months ago.

We fear for the safety of this family, and encourage you to do everything within your power to investigate their whereabouts and to notify their families. All efforts of their relatives to locate them have been in vain.

We wish to stress that our concern is based on our concern that international legal norms, such as the United Nations Standard Minimum Rules for the Treatment of Prisoners be implemented. This situation is even more distressing to us, as it includes a child.

We thank you in advance for the actions which we hope you will undertake in this matter.
